Yes it's the UIC project I spoke with you about last week. We had the concurrence package with the responses and I signed off. Its Kevin's project and he is tracking it internally. I know ORC signed after me.

Is this a UIC issue?

Hello Kevin,

I am emailing regarding the status of the EPA Region 3 response to the Seneca Nation comments on the Roulette permit.

The Seneca Nation has been waiting on a response to our comments submitted on March 8th, 2021.

Can you please provide an update based on our last correspondence?

Thank you,

Clifford Redeye III
Acting Director
Seneca Nation
Office:(716)945-1790 ext. 3191
Cell: (716)983-6047

Hi Cliff,

I apologize for the delay. Our regional counsel has been reviewing the Nation's comments and EPA's Responses. I hoped to get the responses to you by the end of June but due to many people being out of the office for vacation, it's been hard to move it along. I'm hoping to get our responses finalized next week and put them into concurrence for our Division Director to sign off on them. I can email you early next week and let you know the status of our response.

Best regards,

Kevin Rowsey

Hello Kevin,

Thank you for forwarding these documents we will review and reach out with any questions.

We were also wondering if there are any update on the Roulette comments? In our June 10th email it was mentioned that the initial comments were finished, that they were going through concurrence and the division director needed to sign off on them. It was also mentioned EPA was hoping to have them to us by the end of June.

As mentioned before the Seneca Nation plans to review EPA's comments before we submit comments on the upcoming permits.

Thank you

Good morning Cliff,

I wanted to let you know that the EPA intends on opening the Catalyst Draft Permit for Public Comment starting on Thursday, July 22nd and concluding on Monday, August 23rd. We have a tentative Public Hearing via teleconference scheduled for Tuesday, August 24th from 6:00 – 8:00 PM. The Public Notice will be published in the Bradford Era newspaper next Thursday (7/22). Per your prior discussions with Brian Hamilton regarding Catalyst and Sandstone, I've attached the Catalyst draft permit and Statement of Basis for the Nation's review. Please let me know if you have any questions about these documents.

We look forward to receiving your formal comments on the Draft Permit. As always, please don't hesitate to reach out to us.
